Athens - Jane Cable - December 2025

A World of Discovery Awaits

Extraordinary journeys across time and place

It gives me great pleasure to present our Autumn/Winter 2026 programme, a collection of departures that we believe captures everything Andante does best: the breadth, the depth, and the sheer exhilaration of exploring the human past in remarkable company.

The range of this season's tours is, we think, exceptional. At one end of the compass, you will find us tracing the ancient landscapes of the British Isles, from the prehistoric monuments of Orkney and the ceremonial heartland of Salisbury Plain to the Romano-British towns and Iron Age hill forts that punctuate our own countryside. At the other, we venture to the far reaches of the ancient world into the storied interior of China, where millennia of dynastic history are written in stone and silk. Between these poles sit itineraries that take in the Levant, the Nile Valley, North Africa, the Iberian Peninsula and beyond — a true survey of the ancient world's extraordinary reach.

The remarkable thematic diversity is no less. Our tours encompass the full spectrum of human endeavour: Bronze Age citadels, Hellenistic temples, Roman amphitheatres, Byzantine churches, Crusader castles, Islamic palaces, and the layered, endlessly surprising archaeology of cities that have been continuously inhabited for three thousand years or more. Whether your passion is epigraphy or military history, sacred architecture or the everyday lives of ordinary people in antiquity, you will find a departure this autumn that speaks to it.

I wanted a deeper understanding beyond the typical tourist experience, and the tour delivered on every level. Our Tour Manager and Guide Lecturer were outstanding, and Oliver’s encyclopaedic knowledge brought each site to life. The tour was well paced, with excellent restaurants throughout.”

Moorish Wonders of the Guadalquivir & the Bay of Cadiz

Exploring Andalucía and the Algarve on a cruise

8 DAYS FROM £3,990pp

YOUR EXPERT GUIDE LECTURER

Dr Doru Bogdan

A researcher and lecturer at the University of Alba Iulia in Romania, Doru is a specialist in Roman archaeology and has also supervised an array of fascinating excavations.

Called the Baetis in the Roman period, the Guadalquivir is the most important river in Spain, not just because it is the country's only navigable river but because it flows through Andalucía, the heartbeat of Iberian history. The Guadiana, in turn, meets the Guadalquivir at the Gulf of Cadiz, thereby linking the historically rich Andalucía with the Algarve.

Day One | UK - Seville

We start our tour by flying from London Gatwick to Seville and, time permitting, visit the **Metropol Parasol** in the city. Afterwards, we join our ship, the MS Belle de Cadiz, in Seville.

Day Two | Seville

We wake up in Seville, the capital of Andalucía, which was once the ancient city of Hispalis and later became enormously wealthy for its crucial role in the Transatlantic trade.

Exclusive Andante Excursion: Today, we explore Córdoba, a medieval European cultural hub and capital of the Umayyad Caliphate. We begin with the **Mezquita**, or Cathedral Mosque, built in the 8th century, retaining its Islamic essence despite later Catholic modifications. Next, the **Jewish Quarter** highlights the city's multicultural past, linked to Maimonides and Averroes. Finally, we visit the **Medina Azahara**, a 10th-century palace-city.

Day Three | Seville - Isla Minima

We depart Seville this afternoon for the Isla Minima, set in the Marshlands of the Guadalquivir. Here we have a tour of an Andalusian hacienda before we sail to Puerto de Santa Maria.

Exclusive Andante Excursion: Today, we visit two UNESCO sites in Seville: the **Real Alcázar**, a 14th-century palace fortress showcasing mudéjar architecture, and the **Cathedral of Saint Mary of the See**, the world's largest Gothic cathedral, built to highlight the city's significance after the Reconquista.

Day Four | Cadiz

This morning, we take a short drive to Cadiz, the important port which lays claim to being one of the oldest continuously inhabited cities in Europe. Located on a spit of land surrounded by sea, Cadiz retains an old quarter which bears the remains of its ancient past.

Exclusive Andante Excursion: Today, we explore the important city of Cadiz, founded by the Phoenicians in the 9th century BCE. We start with the **archaeological museum**, which contains an important collection of artefacts from the city's vast history, before proceeding to the **Roman theatre**, built in the 1st century BCE and once one of the largest theatres in the empire. We end the morning with a visit to the **cathedral**, built in the city's heyday when the city was enriched by the Transatlantic trade. After lunch, we go back in time and visit the archaeological site, which contains the remains of the Phoenician settlement of **Gadir**, where we see remains of houses as well as a later Roman fish processing plant.

Day Five | Bay of Cadiz

We spend the day relaxing on board cruising on the Gulf of Cádiz towards Huelva.

Day Six | Huelva - Seville

We awake in Huelva, situated in the scenic Algarve, where we spend the day before sailing back to Seville.

Exclusive Andante Excursion: Called on'ü ba by the Phoenicians who settled here and later renamed Onoba by the Greeks, Huelva was an important Phoenician trading post, exchanging precious metals and fish with cities throughout the Mediterranean. This morning, we explore this city's important past at the important **Huelva Archaeological Museum**.

Day Seven | Granada

We depart Seville this morning to take an excursion to Granada. This 9th-century fortress, later transformed into a 14th-century palace by the Emir of Granada, symbolises Andalucía's rich Muslim heritage and cosmopolitan culture.

Exclusive Andante Excursion: After lunch, we explore the **Archaeological Museum of Granada**, which sheds light on the city and on Andalusian history.

Day Eight | Seville - UK

After disembarking the ship, we end our tour by visiting one of the most important Roman sites in Spain, *Italica*. The ancient city, founded in the 3rd century BC, is one of the best preserved in Spain and includes an amphitheatre, a number of elite houses, as well as a Traianum, a shrine to the important emperor who was born there. The visible remains today derive from the Hadrianic period, when the city was enlarged and given the status of colonia. In the afternoon, we take our return flights to London Gatwick.

A day spent exploring **Valetta** on foot. We begin with the exceptional array of artefacts from Malta's unique prehistoric periods in the **Archaeological Museum** from man's first arrival on the island, up to the end of the Bronze Age. We also visit **St. John's Cathedral** and the **Grand Master's Palace** with facades of some of the many Auberges of the Knights.

Day Four | Haġar-Qim, Mnajdra & Tarxien

Today we visit the magnificent temple sites at **Haġar-Qim** and **Mnajdra**. These megalithic structures sit clustered close together at the top of a promontory with superb views over the sea. The internal arrangement of Haġar Qim is highly complex involving what are probably many building and reconstruction phases and the lower temple at Mnajdra is astronomically aligned.

In the afternoon, access permitting, we explore the **Hal Saflieni Hypogeum**, a UNESCO World Heritage Site. Nearby, we will visit **Tarxien** megalithic site, one of the most elaborate of all the Megalithic temples on the island which has undergone extensive excavation and restoration.

Day Five | Ghar Dalam & Xemxija Heritage Trail

This morning, we visit Ghar Dalam, the oldest of Malta's monuments. This water-worn tunnel is approximately 15.5m above sea level, 45m deep, and accessible for about 80m on foot. Here, large quantities of Pleistocene faunal remains (including dwarf hippos and elephants) were found, together with evidence for the earliest known human activity on the island. In the afternoon, we will explore Xemxija. Here, we will also see the Romano Punic apiaries built into a natural cave recess. The honeycombs would have hung in vertical panels in their small chambers within easy reach of the beekeepers.

Day Six | Gozo

We take the short crossing by ferry to **Gozo**, associated by locals with Homer as the island home of Calypso, Odysseus' temptress and captor. The pace of life is slower here and the landscape is greener. We spend all day on the island where we see **Ggantija**, a prehistoric megalithic complex of exceptional grandeur; the **Xagħra Stone Circle** a significant funerary complex and the ruins **Santa Verna**, a megalithic site left to the ravages of time. We will also visit the town of **Victoria** and the **Archaeology Museum** which provides a small

but important window into the earliest cultures of Gozo up to the arrival of the Knights of St. John.

Nowhere in the world gives deeper insight into Roman life than the dramatic seaside towns of Pompeii and Herculaneum. Before the cataclysmic eruption of Vesuvius, these were thriving, lively seaside towns. Pompeii was a trading town, equipped with bars, shops and brothels, while neighbouring Herculaneum was an affluent and elegant town. All this came to an abrupt halt, one autumnal day in AD 79, when Mount Vesuvius - which had done little more than rumble for years - erupted with incredible force.

Enjoy visits to off-the-beaten-track villas at Stabiae

Private access to the Cave of Sejanus (Grotta di Seiano) and the adjoining Villa of Pausilypon with its dramatic coastal views

Visit newly excavated houses in Pompeii

Day One | UK - Cava de' Tirreni

Today we fly from London to Naples and then we transfer to our hotel on arrival.

Day Two | Cava de' Tirreni - Paestum

Our journey begins with a visit to the captivating site at **Paestum**, once known as Poseidonia. Before the Romans, this was a bustling Greek city, part of greater Greece since the 6th century BCE. Post-lunch, we explore the **Paestum Museum**, renowned for its archaic metopes and painted tombs, and also gain access to the magnificent Store Rooms of Paestum.

Day Three | Pompeii

We dedicate an entire day to **Pompeii**, unmatched in revealing Roman daily life. We explore some of the best-preserved structures including an amphitheatre, theatre, forum, bath-houses, bars, and brothels. Street fountains show wear from countless hands, and Roman graffiti remains visible on the walls. We take the optimal routes to avoid crowds and visit houses newly reopened to the public.

Day Four | Naples - Pozzuoli

Our day commences at the exceptional **National Archaeological Museum** in Naples, showcasing outstanding artefact collections. After lunch, we proceed to **Pozzuoli** to explore one of the world's most impressive amphitheatres. We later gain private access to the **Cave of Sejanus**, a tunnel from Augustus's era leading to **Pausilypon's** seaside villa, featuring a theatre and odeon built later.

Day Five | Stabiae

We venture off the beaten path to the villas of **Stabiae**, a luxurious Roman resort. Villa San Marco, with its swimming pool and bath complex, is

notably opulent. If renovations allow, we hope to visit **Villa Arianna**, admired for its frescoes and stunning Bay of Naples views. Post-lunch, we visit the **Archaeological Museum of Castellammare di Stabia Libero D'Orsi**, opened in September 2020 to exhibit significant finds from Stabia, including frescoes, inlaid floors, stuccoes, sculptures, and tableware, many never before displayed in Italy.

Day Six | Herculaneum

We head to **Herculaneum**, a perfect complement to Pompeii. This seaside city was buried under 23 metres of pyroclastic material, preserving objects and houses up to their rooftops. We explore the newly opened **Antiquarium**, housing precious finds from Herculaneum's seafront, including a well-preserved boat. After lunch, we visit Boscoreale's Villa Regina, discovered during council housing foundation digs, offering insight into ordinary life. **Boscoreale**, north of Pompeii, sits on Vesuvius's slopes, possibly identified with Pagus Augustus Felix Suburbanus. The Great Pompeii inauguration in October 2023 saw Boscoreale's Antiquarium reopen with a room dedicated to Civita Giuliana's suburban villa excavations, showcasing the ceremonial chariot found in 2021.

Day Seven | Vesuvius - Oplontis

We ascend to **Vesuvius's** volcanic crater, mostly by bus, with a rewarding final walk starting at Monte Somma, the AD 79 eruption crater. We grasp its scale, peer into the crater formed since the ancient eruption, and observe fumaroles and layers of past eruptions. Walking the crater's perimeter offers magnificent Bay of Naples views, and on clear days, Pompeii is visible. Post-lunch, we visit **Oplontis's** impressive villa, featuring sumptuous frescoes, a bath complex, an enormous swimming pool, and

intriguing slave quarters, supposedly owned by Emperor Nero, preserved by Vesuvius's eruption.

Day Eight | Naples - UK

After breakfast, our tour ends, and we catch our return flight back to London.

The Island of Sardinia

Neolithic, Nuragic and Punic mysteries of this Mediterranean island

9 DAYS FROM £4,995pp

 Moderate ●●○

Sardinia offers one of the richest and most fascinating standing archaeological repertoires in Europe. Known to the Greeks as Sandaliotis (“Sandal”, due to its shape), or Ichnoussa (“Stepping stone”), the island has seen Phoenicians, Greeks, Carthaginians, Romans, Arabs and Catalanians come and go. Before them, the mysterious Nuraghi people left an astonishing plethora of wonderful archaeology.

Visit the highest Bronze Age structure in the Mediterranean at the Nuragic site of Su Nuraxi at Barumini

Travel in 4x4s to visit off-the-beaten-track sites such as the megalithic chamber tomb at S'Ena e Thomes and the Nuragic complex of Sa Sedda 'e Sos Carros

Examine the island's Phoenician past at Tharros and Sulcis, including mysterious topshets, children's cemeteries

Day One | UK - Alghero

Today we fly from London to the wonderful Catalan city of Alghero, colonised in antiquity by Phoenicians who grew wealthy from trade with Etruscans. In the modern period, Alghero was ruled by the Genoese before being taken over by the Aragonese. After settling down in the hotel, if there is time, we will have an orientation walk around the city before dinner.

Day Two | Monte d'Accoddi & Palmavera

This morning we make our way to one of the oldest and most interesting sites in our tour, the pyramid complex at **Monte d'Accoddi**. After lunch, we explore **Palmavera**, the first of our Nuragic sites built by a culture which thrived in the Bronze and Iron Ages.

Day Three | Alghero - Su Gologone

We leave Alghero this morning and head east towards Oliena, stopping during the morning at **Santu Antine**. We proceed off the beaten track to **Romanzesu-Poddi Arvu**, another Bronze Age Nuragic site which is notable for its hundred-odd huts and public structures and includes a mysterious labyrinthine edifice and temples. For our last site of the day, we explore the little-known **National Archaeological Museum Giorgio Asprone** in Nuoro.

Day Four | Su Gologone

Today we venture off the beaten track in 4x4s to visit breathtaking sites which shed insights into the extraordinary Sardinian Bronze Age. Including the monumental **Giants' graves of S'Ena e Thomes, Su Tempiesu and Sa Sedda 'e Sos Carros** where we see well-preserved stone huts and workshops, as well as a circular sanctuary. After an adventurous day, we return to our picturesque hotel.

Day Five | Su Gologone - Oristano

This morning we travel west to the 4th millennium necropolis at **Sas Concas** where we see a cluster of twenty *Domus de janas*, or “fairies' houses” – tombs carved out of the rock to resemble their houses. We proceed to the Bronze Age Nuragic complex of **Tamuli** and then end the day at another tantalizing religious site, the sacred well at **Santa Cristina**, which is very well preserved with staggeringly precise ashlar masonry walls leading to a subterranean chamber with a corbelled roof which contained water, seemingly used for religious rites.

Day Six | Oristano – Baia di Nora

Traversing the enchanting Sardinian landscape, we make our way south to **Tharros**, where we explore the Tophet and consider whether Phoenicians these necropoleis only included children's burials because children were seen differently, or whether children were sacrificed. This discussion will continue with our visit to the **Civic Archaeological Museum “Giovanni Marongiu” of Cabras**, where we see artefacts from Tharros. We end the day with a visit to the National Archaeological Museum at Cagliari.

Day Seven | Nora

Waking up in delightful Nora, we spend the morning exploring the archaeological site of **Nora** where we see well-preserved remains of buildings we would typically see in a town from the Roman period, including a bath complex, a theatre and macellum. In the afternoon, we have free time in Nora to unwind on the beach or relax in the hotel.

Day Eight | Sulcis & Sant'Antioco

Our final full day is dedicated to Phoenician sites near Nora, starting with the ancient necropolis at **Monte Sirai**. In the afternoon, we visit the Phoenician/Roman site of Sulky

On our last night, we will have a celebratory dinner at our lovely hotel.

Moderate ●●○

The last capital of the Western Roman Empire, Ravenna flourished as an imperial city. It was adorned with churches decorated by Byzantine artists, including the Basilica of San Vitale, which contains some of the finest mosaics outside Constantinople. Day Five | Ravenna - Venice

Today we travel by coach by the lagoon city, **Venice**, which was immersed in Byzantine culture long after the Exarchate of Ravenna collapsed because of the special trading rights it was given by Constantinople, making it the gateway of the east. Venice also gave refuge to emigres escaping Constantinople after its fall in 1453. In the afternoon, we explore hidden gems in the extraordinary **Piazza San Marco**, dubbed the drawing room of Europe by Napoleon and is dominated by the very Eastern looking **Basilica di San Marco**. We end our day with a comprehensive visit to this iconic masterpiece of Byzantine architecture.

Ravenna

Rome and her heirs

6 DAYS FROM £2,690pp

 Moderate ●●○

In AD 42 the Roman Imperial court fled from Rome to Ravenna and for a period it was the political centre of what remained of the Western Empire. The result was an astonishing flowering of art and architecture created in the dying days of the Empire. To this day, the city's numerous churches, palaces and mausolea, resplendent with shimmering mosaics expressing the majesty and mystery of God never fail to achieve the awe-inspiring impact which their patrons, designers and makers intended.

Enjoy a special out-of-hours visit to the Basilica of San Vitale with time and space to contemplate its fabulous interior

Admire the extraordinary mosaics at the Domus dei Tappeti di Pietra (the House of the Stone Carpets)

Discover the ancient port of Classe, once the biggest naval base of the Adriatic, home to a fleet of 250 ships

Day One | UK - Bologna - Ravenna

We fly to Bologna and transfer to our hotel in Ravenna.

Day Two | Ravenna

Today we start our exploration of Ravenna with a series of incredible monuments, beginning with the **Arian Baptistery**. Inside, spread across its cupola, is the famous mosaic of the Baptism of Christ, immersed in the water of the River Jordan. The same iconographic design is featured in the nearby **Neonian Baptistery**, which we visit next. The mosaics here are so astonishing that Carl Jung described his visit as a wonderful hallucination. We end the morning at the **Archiepiscopal Museum**, home to the pulpit of Maximian, one of the most famous ivory works made by Byzantine artists in the 6th century. After lunch, we explore **Ravenna Cathedral** or Basilica Ursiana as it was originally known. Our final visit of the day is to **San Giovanni Evangelista**, a 5th-century church built as an ex voto by Galla Placidia when she escaped from potential shipwreck.

Day Three | Ravenna

We start our visits today with **Basilica di Sant' Apollinare Nuovo**, Theodorich's palatine chapel. Though simple on the outside, its interior evokes an atmosphere of solemnity and contemplation. A short walk away, we find the **Basilica di San Francesco**, the parish church of Dante who is buried there. Later, we also visit the **National Museum**, which displays important archaeological finds, such as sepulchral slabs, Byzantine sculptures and

prestigious objects connected with the monuments of Ravenna plus a wide collection of applied arts. This evening is our special visit to the **Church of San Vitale**, where we admire the glorious mosaics, the best-preserved outside of Constantinople. The journey to Ravenna would be worthwhile to see these alone, with those decorating the apse reveal the pomp and majesty of the Byzantine court. We also visit the smaller **Mausoleum of Galla Placidia**, constructed in the shape of a cross.

Day Four | Ravenna

We start with a visit to the so called '**Palace of Theodorich**', a building associated with the Ostrogothic King who ruled from Ravenna after the collapse of the Western Roman Empire. Next, we visit the extraordinary **Domus of the Stone Carpets**, located in the basement of the late-baroque **Church of Sant'Eufemia**. Excavations here revealed an elaborate palatial house of the 6th century, perhaps owned by a high court official. The entire complex is decorated with marble inlays and mosaics. This afternoon, we drive just south of Ravenna to visit **Classe**. The topography of the area has changed so much with the land gaining on the sea, so it is difficult to envisage that Classe was once the biggest naval base of the Adriatic, home to a fleet of 250 ships. Here we visit the **Basilica di San Apollinare**, with its stunning apse depicting the Transfiguration and **Classe Archaeological Museum**, which explores Ravenna's ancient port and the base of Rome's fleet.

Day Five | Pomposa & Ravenna

We take a beautiful drive out this morning to the **Abbey of Pomposa**, founded in the 7th century in marshes and lagoons with an arm of the River Po running on each side. It has a fine 12th century mosaic floor and frescoes and is claimed to be the place where modern musical notation was invented. Returning to Ravenna in the afternoon, we visit **Theodorich's Mausoleum**, situated in the north-east of the city on the old Roman road the Via Popilia. This is one of the most impressive late Roman buildings left to us in all Italy.

Day Six | Ravenna - Bologna - UK

We return to Bologna for our flight back to London Heathrow.

Macedonia

The glories of northern Greece

8 DAYS FROM £3,990pp

This tour of Northern Greece reveals fantastic archaeological sites shaped by Macedonians, Thracians, Romans, Byzantines, Slavs, and Ottomans. We journey through landscapes marked by canyons, lakes, waterfalls, and rivers, rich in history. Discover sanctuaries, monuments, palaces, painted tombs, and pebble mosaics at Verghina and Pella. Highlights include Kastoria, a beautiful lakeside town off the tourist trail, and Thessaloniki, a city with historical importance rivaling Constantinople.

Admire the remarkable frescos which decorate the Byzantine churches of Kastoria

Discover the waterfalls at Edessa, a city defined by water

Enjoy the richest ancient burial ever found in Europe - the tomb of Philip II - and its extraordinary museum

Day One | UK – Thessaloniki – Kastoria

Today fly from London Gatwick to Thessaloniki and transfer to Kastoria, a beautiful lakeside town situated on a rocky isthmus on the shores of Lake Orestiada.

Day Two | Kastoria

Aside from its picturesque charms, Kastoria boasts more than 70 Byzantine and post-Byzantine churches dating from the 9th to the 16th centuries scattered around the town. Many are sadly in a poor state of repair but distinguished by the frescoes which decorate them. The quality of the artwork is astonishing and we visit a small selection at **Agios Stephanos**, **Taxiarchis Oikonomou** and **Archangel Michael**, each concealing something unique behind their intricate brickwork. Later, we explore Dispilio, the site of a large Neolithic settlement that once stood on stilts in the lake

Day Three | Kastoria - Edessa

Before we leave the region, we visit the **Aigos Orestiko Archaeological Museum**, which displays important finds from excavations in the region. Afterwards, we continue to **Edessa**, a city defined by the water which flows into it from the Pindus Mountains to the west. The waterfalls of Edessa are a striking natural wonder noted from the Roman Empire to the travel writing of Edward Lear. We admire their thundering beauty before we follow the road over the Ottoman bridge that carried the Via Egnatia across the river and explore the remnants of the ancient city. Later, we continue to **Mezia** and visit the Nymphaeum where Aristotle instructed the pupils of the Macedonian elite, Alexander the Great among them, in political discourse and philosophy.

Day Four | Edessa - Aigai - Thessaloniki

Today is dedicated to **Verghina** (ancient Aigai), the capital of the Macedonian kingdom before

its move to Pella in the 4th century BCE. We see the remarkable painted tombs, displayed in the excellent site Museum of the Royal Tombs of Aigai, under the recreated mound which originally covered the burials. We also visit the newly opened **Palace of Aigai**, once one of the largest buildings in Classical Greece, as well as the new **Polycentric Museum of Aigai**. After our site visit, we continue to Thessaloniki for our first night in this fascinating city.

Day Five | Pella - Thessaloniki

Our first visit today is to **Pella**, where we explore Macedonia's administrative capital and the birthplace of both Philip II and Alexander the Great. We see the monumental agora, houses and the exceptional mosaics made from carefully selected natural pebbles, now on display in the museum. These extraordinary mosaics were made mostly of carefully selected natural pebbles with occasional use of artificial tesserae, terracotta and strips of lead; the eyes were inlaid with precious stones that have not survived. In the afternoon, we return to Thessaloniki to visit the **Archaeological Museum** with extraordinary finds from the city and its region, including the stunning Derveni bronze crater.

Day Six | Dion

We travel south following the curve of the coastline to Dion at the foot of Mount Olympus, the religious capital of Macedonia. An evocative site with a magical setting, surrounded by trees in which nightingales sing and crisscrossed with a labyrinth of springs and streams. It is here that both Philip II and Alexander used to celebrate their victories by holding Olympic Games and magnificent receptions and where Alexander conducted sacrifices before his campaign into Asia in 334 BCE. We also visit the nearby small Archaeological Museum.

One of our longest-standing Guide Lecturers, Oliver has worked as a field and museum archaeologist in the UK, Albania and Italy. Oliver is considered one of just a handful of experts on Albanian archaeology in the UK.

We explore the city on foot, taking in the Agora and Roman forum before heading to the Late Roman palace complex of **Galerius** to view the Rotunda and the Triumphal Arch of the emperor. We take a short walk along the promenade to see the White Tower, before stopping for lunch nearby. In the afternoon, we pay a visit to two of the city's oldest churches, **Aghios Dimitrios** and **Aghia Sophia**, before we head to the Byzantine, UNESCO World Heritage-listed, **Walls of Thessaloniki**, or **Kastra** as they are known to those that live in the city. Over half of these fortifications, which once protected the city, are still standing today. Afterwards, a visit to the adjacent and equally superb **Byzantine Museum** completes our survey of the region's archaeology.

Egypt - New Museums & Discoveries

Recently excavated tombs and new museums in Cairo and Alexandria

7 DAYS FROM £4,695pp

Archaeology in Egypt is seeing another Golden Age, this time led by local Egyptians themselves. This tour focuses on these new discoveries from the recently excavated tombs in Saqqara to the newly renovated Greco Roman Museum in Alexandria and the long-awaited, much anticipated brand new Grand Egyptian Museum at Giza. Returning to these sites in the engaging company of our experienced excavators and Egyptologists is a treat not to be missed.

Visit the long-awaited and much-anticipated Grand Egyptian Museum at Giza

In expert company, explore the Imhotep Museum at Saqqara and Greco Roman Museum in Alexandria, both recently opened

New tomb discoveries in Saqqara including the Tomb of Mehu and the Tomb of Maia

Day One | UK - Cairo

We depart from London and arrive in Cairo – this buzzing, energetic metropolis that is Egypt's extraordinary capital and a city that Egyptians admirably refer to as 'the Mother of the World'.

Day Two | Saqqara

Today, we embark on a journey to **Saqqara**, a necropolis of immense archaeological significance in Egypt. Our exploration includes the **Tombs of Maya and Horemheb**, alongside the newly accessible Old Kingdom **Tomb of Mehu**, featured in the 2020 documentary *The Secrets of Saqqara*. The afternoon leads us to the **Imhotep Museum**, freshly reopened after extensive renovations. We conclude our Saqqara adventure with visits to the **Tomb of Maia**, wet-nurse to Tutankhamun, and the **Tomb of Nemtyemes**, both recently reopened to the public.

Day Three | Cairo - Alexandria

Our day commences at the **National Museum of Egyptian Civilisation (NMEC)**, inaugurated in 2017 as the first institution showcasing the breadth of Egyptian civilisation from prehistoric times to the present. Post-lunch, we depart Cairo via the desert road, heading towards Alexandria.

Day Four | Alexandria

Our morning is dedicated to the splendid **Graeco-Roman Museum**, reopened in 2023 after 18 years

of renovation. It exhibits thousands of items, including those discovered during underwater excavations in the submerged cities of Thonis-Heracleion and Canopus, and the ancient Portus Magnus of Alexandria. In the afternoon, we explore the **Bibliotheca Alexandrina**, where exquisite mosaics from the Ptolemies' royal palace and the exceptional Manuscripts Museum await us, offering far more than most anticipate.

Day Five | Alexandria – Abu Sir - Cairo

Departing Alexandria's centre, we journey to **Abu Sir**, ancient **Tapaposiris**, home to a Ptolemaic temple and a funerary monument inspired by the Pharos, perched on a ridge between Lake Mareotis and the Mediterranean. Recent speculations suggest it might house Cleopatra's elusive tomb. After lunch, we travel back south to Cairo.

Day Six | Giza

We devote the entire day to the **Great Egyptian Museum (GEM)**, located on the Giza plateau with pyramids in view. Initiated over two decades ago, the museum spans 750,000 sqm, featuring 12 exhibition halls and innumerable artefacts. Two halls are dedicated solely to Tutankhamun, displaying nearly all 5,000 objects from his tomb for the first time.

Day Seven | Cairo - UK

We return to Cairo airport for our flight home to London Heathrow.

Carthage & Roman Tunisia

Stand before the mighty ancient amphitheatre of El Djem

10 DAYS FROM £3,850pp

 Moderate ●●○

A land where dramatic events shaped ancient history – the superpowers of Carthage and Rome clashed in three Punic Wars, which determined the course of Western history. Lasting over 100 years, this conflict destroyed Carthage and assured Roman ascendancy. Superb sites and changing landscapes, from rolling hills and olive groves to sparkling sea, make this an excellent tour.

Visit the incredible El Djem amphitheatre, Africa's largest and best preserved

Gaze upon some of the world's most impressive mosaics at the Bardo, Sousse and El Djem museums

Tour a selection of little-known sites, including Mustis and Ain Tounga as well as the Bulla Regia

Day One | UK - Tunis

Today we fly from London Gatwick to Tunis.

Day Two | Carthage

Today is devoted to **Carthage**, now a wealthy suburb of Tunis, but scattered with the remains of this once great Phoenician city. We start our day at **Byrsa Hill**, once the citadel and a central feature of the Punic settlement. Next, we continue to **Salambo Tophet** and **Cothon**, or harbour, a testament to Carthage's famous maritime might, the **Roman Antonine Baths**.

Day Three | Tunis

We visit the renowned **Bardo Museum**, housed in a historic Beylical palace. It features one of the world's top mosaic collections, including the Virgil and Odysseus mosaics. Later, we head south of Tunis to examine a section of the Carthage **aqueduct at Jebel Oust**, then explore **Oudna**, a city founded by Emperor Augustus.

Day Four | Dougga

We drive west to Dougga stopping at **Testour**, a 17th-century town established by Jewish and Muslim people fleeing the Inquisition. After lunch, we explore **Dougga**, its bathhouses, sanctuaries, theatre and temples.

Day Five | Chemtou & Bulla Regia

We drive to **Chemtou** in the Tunisian hills where we see the quarries which produced famous Numidian marble. Next we visit nearby **Bulla Regia** and its well-preserved subterranean houses.

Day Six | Dougga - Kairouan

We head southwest to the charming site of **Thuburbo Majus**, originally Punic and later a Roman veteran colony. Highlights include the forum with

the Capitolium, Winter and Summer Baths, the Palaestra of Petronius and a notable latrine. We also visit Punic-flavoured temples: the Temple of Baalit and the Temple of Caelestis. In the afternoon, we travel to Kairouan, Tunisia's key religious city, founded by the Umayyads in the 7th century AD.

Day Seven | El Djem

Heading southeast to **El Djem**, originally the Numidian city Thysdrus, we find a wealthy olive oil hub in the 2nd century AD. Next, we visit the **Museum of El Djem**, showcasing Tunisia's finest mosaics and Roman townhouse foundations in its gardens. Returning to Kairouan, we explore the **Great Mosque** and wander through the Medina's winding streets, shops and courtyard houses.

Day Eight | Kairouan - Hammamet

We start in Kairouan at the viewpoint over the **Aghlabid pools**, 9th-century reservoirs once praised by Arab geographers for their grandeur. Next, we visit the **Barber Mosque**, the burial site of Abu Zama El Belaoui. In the afternoon, we head north to Sousse. The **Sousse Museum** showcases exceptional mosaics, especially from the Roman period when Hadrumetum thrived through trade. We then continue north to Hammamet.

Day Nine | Kerkouane

We travel along the Cap Bon coastline to **Kerkouane**, a UNESCO-listed site from the 7th to 3rd century BCE, abandoned after the First Punic War. We visit the site museum with remains from the necropolis. After lunch, we head to **Nabeul** to visit its small museum before returning to the hotel

Day Ten | Hammamet - Tunis - UK

China

Beyond the Great Wall

17 DAYS FROM £6,990pp

Moderate ●●○

From Buddhist temples to the gargantuan monuments of imperial ambition, to lesser-known prehistoric settlements, this tour is the story of not one but many Chinas through the ages. Over 17 days, we put the great sites we see into their historical context starting in Beijing, China's capital. We see the Great Wall, Terracotta Warriors and Ming Tombs not just as grand relics, but as products of the time, people and places that led to their creation.

Day One | UK - Beijing

We embark on an overnight flight from London Heathrow to Beijing.

Day Two | Beijing

Upon our morning arrival in Beijing, we proceed to our hotel, regroup for lunch and head to the **Forbidden City**, or **Palace Museum**. Tickets for the Forbidden City cannot be pre-purchased. If faced with any difficulty, such as long queues, we will opt for a visit to the Imperial Palace.

Day Three | Beijing

This morning, we visit **Tiananmen Square**, the symbolic core of China and the site of many significant historical events. We reflect on pivotal moments that have shaped the nation's path before moving to the **National Museum**, housing artifacts from Yuanmou Man, a fossil from 1.7 million years ago, to the last imperial dynasty, the Qing. After lunch, we explore the **Temple of Heaven**, a vast

Taoist site built by the Yongle Emperor, serving as a sacred venue for Ming and Qing emperors' rituals.

Day Three | Beijing

We venture northwest of the city centre to visit the **Summer Palace**, originally built in 1750 during the Qing Dynasty by Emperor Qianlong as a gift for his mother. The palace spans about 3 km², featuring architecturally distinct buildings, bridges, gardens, and Kunming Lake, popular for boating. Later, we visit **Fahai Temple** at Cuiwei Mountain, known for its well-preserved Ming Dynasty frescoes.

Day Four | Beijing

We journey to Tianshou Mountain's slopes to visit the **Ming Dynasty Tombs**, the resting place of thirteen emperors. Three tombs are accessible, and we will explore these and **The Sacred Way**, flanked by carved stone sculptures depicting imperial guards, officials, and mythical animals. In the afternoon, we visit the **Great Wall** at the **Mutianyu section**, known for its watchtowers and terrain.

Day Five | Beijing - Luoyang

We take our first high-speed train through the Wei Valley's fertile plains and hills, arriving in **Luoyang** in the afternoon. After lunch, we visit the **Longmen Caves**, carved into Yi River cliffs from 494 AD through seven dynasties, featuring over 1,300 caves and 100,000 Buddha statues.

Day Six | Longmen Caves & Shaolin Temple

We drive to **Dengfeng**, the cradle of Chinese Kung Fu, visiting the **Pagoda Forest** and **Shaolin Temple**, famous for its warrior monks and martial prowess. We will watch Kung Fu performances.

Day Seven | Luoyang - Xi'an

Before departing Luoyang, we visit the **Ancient Tombs Museum**. We then take the train to **Xi'an**, the Silk Road's starting point. After lunch, we explore landmarks including the Drum Tower, Goose Pagodas, Muslim Quarter, and the City Wall.

Discover China's remarkable prehistoric archaeology at sites such as Jinsha and Banpo, which tell the story of ordinary people in ancient China

Admire the underground army of the life-sized Terracotta Warriors - one of the greatest archaeological discoveries in the world

Explore Luoyang - the cradle of Chinese civilisation - home to Buddhist temples from the 1st century at the outstanding Longmen Grottoes

Day Eight | Xi'an

We spend the morning with Xi'an's **Terracotta Army**, crafted for Emperor Qin Shi Huang to guard his tomb. After lunch, we visit **Banpo Neolithic Village**, where a 6,500-year-old settlement was unearthed.

Day Nine | Xi'an

We visit the **Han Jingdi Tomb**, Emperor Jingdi's resting place, notable for its miniature terracotta figures. In the afternoon, we visit **Shaanxi Provincial History Museum** to view Tang Dynasty exhibits.

Day Ten | Xi'an - Chengdu

We travel by high-speed train to **Chengdu**, Sichuan Province's capital. After lunch, we visit **Jinsha**, an ancient Shu civilization site.

Day Eleven | Chengdu
